**Subject:** RE: WA 96 Dewey Burdock - Tribal Consultation Update

Hi Galen,

I got a response back from all the people I needed to check in with and the final answer is...

No, the consultation discussion does not have to be focused on treaty rights in order to setup a tribal consultation and

no, the discussion does not have to be limited to safety of class 3 injection wells. We would like to consult on topics related to our proposed UIC actions at the Dewey-Burdock uranium recovery site.

Thanks!

*Valois*

**Subject:** RE: WA 96 Dewey Burdock - Tribal Consultation Update

Hi all,

I wanted to let you know that another tribe would like to schedule a consultation:

- **The Three Affiliated Tribes.** Environmental Director Edmund Baker ([edmundbaker@mhanation.com](mailto:edmundbaker@mhanation.com), 701-421-6873) would first like to know the answers to the following questions before scheduling a consultation:
  - Does the consultation discussion have to be focused on treaty rights in order to setup a tribal consultation?
  - If not, does the discussion have to be limited to safety of class 3 injection wells?

Please let me know if you would like me to be the one to respond to him, and if so, please let me know what you would like me to say.

Thank you!

Galen

**Subject:** RE: WA 96 Dewey Burdock - Tribal Consultation Update

Hello Valois and Adele,

At this time, Cadmus has finished the follow-up round of outreach via phone calls to the tribal chairpersons. The results of all contact can be found on our [SharePoint](#) site in the OngoingTribalCommunication spreadsheet. EPA has been notified of the tribes that indicated they wish to schedule a consultation and Cadmus will continue to assist with consultation scheduling unless otherwise directed by EPA. If you have any questions please let us know,

Thank you and have a good weekend!

Dru
